8. Test Execution and Test Result Notification

Before testing, ATC might request you to join in order to confirm its operation. ATC will inform the details at the application.

The compliance testing is performed only by the Sony HDMI ATC technical members. Once the test is completed, ATC send you the test report.

<Test is passed>

The following documents are sent to you from ATC.

- Certificate of HDMI Compliance
- HDMI Test Results

Please proceed to submit those documents with CDF to the HDMI Licensing Administrator, Inc.

The test sample and the accessories are returned at consignee's expense.

<Test is failed>

The test result is reported to you by ATC.

The test sample and the accessories are returned at consignee's expense.

Once you corrected the failure, the re-test is possible. The possible and earliest test slot will be informed after submitting your re-test application.

When the re-testing date is determined, please submit the application form, remit the test fee and send the test sample again.
